GEORGIA LICENSING REQUIREMENTS

GENERAL LICENSING QUALIFICATIONS

The Official Code of Georgia Annotated, Title 33, Chapter 23, and Chapter 120-2-3 of the Rules and Regulations of the Office of the Commissioner of Insurance cover the licensing of insurance agents, subagents, adjusters and counselors. Other license types are covered in specific code and rule sections.

The information in this section is provided as a general guide for new resident applicants qualifying by examination and answers the most commonly asked licensing questions. For specific authoritative information, applicants should contact their insurance company or refer to the appropriate code and/or rule sections.

PROCEDURES FOR APPLYING FOR A LICENSE

The general procedure for applying for a license is to register and pass the required examination and then submit a complete application package to the Georgia Insurance Department. The chart on page 7 contains more information. Examination reservations are described beginning on page 8.

PLEASE NOTE: Effective January 1, 2010, all new resident applicants, excluding active licensees and individuals who apply for reinstatement within six (6) months of expiration date, shall be required to submit electronic fingerprints for a criminal background check. The applicant shall bear the cost for electronic fingerprinting. Information regarding fingerprint requirements can be found on the Department's website.

Effective January 1, 2010, the application process for an agent license will no longer require sponsorship by an insurer. Upon issuance of the agent license, the licensee must obtain a certificate of authority from each insurer that they will represent. Sponsorship by an insurer is still required for all temporary license applicants.

Electronic online application services are available at www.sircon.com/georgia.

Once the Georgia Insurance Department has processed a completed application package, it will issue a license for a qualified candidate. If the applicant has been issued a temporary license, he/she must send a copy of the prelicensing course certificate along with the passing score report to the Insurance Department for Licensure.

The Georgia insurance license application found in this handbook may be used to apply for a license; however, it is recommended that applicants use the online service available at www.sircon.com/georgia. All license application packages must be sent to the Georgia Insurance Department at the address on the inside front cover of this handbook and on the application.

A nonresident licensee who wishes to become a resident licensee must:

- Complete a resident license application.
- Pay the appropriate fees.
- Obtain and submit a clearance letter from his/her home state within 90 days. A license for the same type and lines of authority held in previous state will be issued if the applicant was in good standing at the time of cancellation.

The charts on pages 2 and 3 clarify application and prelicensing requirements.

CERTIFICATE OF AUTHORITY (CA) REQUIREMENTS

In order to conduct insurance business, all agents must obtain a certificate of authority (CA) directly with an insurance company or companies. CA appointments will cover all classes of insurance held in common by the agent and the insurer. New CA's for previously licensed agents will be valid the date submitted to the Department by the insurer. The insurer has the responsibility of verifying that the CA has been issued. CA's for new licensees are valid only upon the issuance of a permanent license.

Certificates of authority will be renewed annually by the insurance company. CA's will terminate automatically upon the expiration or cancellation of the license. CA's may also be terminated at the written request of the insurer or agent

NON-RESIDENT LICENSES

A nonresident must be licensed as an agent, surplus lines broker, counselor, or adjuster with respect to any insurance activities in Georgia. A nonresident must also be appointed in Georgia. Nonresident licenses hold only license classes that are in common with those classes held on the licensee's home state resident license.

Nonresident licenses are renewed annually. A PDB check will be processed by the Georgia Insurance Department to verify home state licensure. A renewal fee is due upon submission of the renewal application.

Individuals holding a nonresident license who are required to meet continuing education requirements in their state of residence will be considered in compliance with the continuing education requirements under this chapter.

LICENSE RENEWAL QUALIFICATIONS

Renewal of licenses can be done online in real time at www.sircon.com/georgia. All renewal notices will be mailed 45 days before the renewal date of November 1st. Renewal notices are due at Pearson VUE by the renewal due date. If filing a paper renewal, licensees should plan extra time to submit the applications by mail to account for postal delivery time. Renewals submitted November 2nd through December 31st must include \$15 late fee.

Continuing education providers will submit course completions at www.sircon.com. Incomplete paper renewal applications will be returned for completion. In the event an online renewal filing is incomplete or CE noncompliant, a notice will be sent advising the licensee of the error(s).

All bonds required for license renewal should be sent directly to the Georgia Insurance Department at the address listed inside the front cover of this handbook.

CONTINUING EDUCATION (CE) REQUIREMENTS

The completion of continuing education (CE) courses is mandatory for the renewal of all resident licenses (other than for licensees exempt from CE requirements). Continuing education completed during the current year is required to renew a license for the following year. The requirements for renewal of a license vary based on license type, membership in professional organizations, and other factors. If the licensee holds more than one license type and meets the requirements of the license with the maximum CE required, the licensee will also meet the requirements of the other license types. The following chart contains specific information about CE requirements.

Individuals licensed less than 20 years must obtain 15 hours (3 of which must be Ethics) of continuing education from approved education providers. Individuals licensed 20 years or more are required to complete 10 hours for continuing education, 3 of which must be completed in Ethics.

LICENSE TYPE	STANDARD REQUIREMENT	EXCEPTIONS
All Licensees	15 Hours/year (min. 3 in Ethics)	<ul style="list-style-type: none"> • <u>Professional Designations</u> Licensees holding a professional designation of CLU, BBA in insurance, PHD, CFP, CPCU, AAI, CEBS, ChFC, CIC, FLMI, CRM, or CISR are required to obtain 6 hours/year (min. 3 in Ethics) • <u>20 Years of Service</u> Licensees with 20 years of licensure agent must complete 10 CE hours/year (min 3 in ethics). • <u>Credit License Only</u> Licensees with the Credit line of insurance only must complete 5 CE hours every year. • <u>Limited Subagents</u> Licensees with a Ltd. Subagent license must complete 5 CE hours every year. • <u>Workers Compensation</u> Must take 15 hours of CE credits; however, if courses are taken through the Workers Compensation Board Providers, must take only 10 hours. No ethics are required. • <u>First-time Licensees</u> First-time licensees are exempt from CE requirements for first renewal cycle if they completed a prelicensing course. For the first license renewal, licensees may submit a prelicensing education certificate to count as the CE requirement. If licensee was exempt from pre-licensing education via holding a professional designation or PhD in insurance, then the CE required for the first renewal year is calculated by taking the number of months between the license first issue date and the CE required by date divided by 12, multiplied by the CE requirement of 6, 10 or 15.

Licensees Exempt from Continuing Education Requirements

- Holders of agent licenses with only travel ticket and/or travel accident classes
- Temporary agents
- Foreign military representatives
- Fraternal agents
- Title
- Legislators
- Lobbyist involved in insurance related activities

Course Content Requirements

Continuing education requirements may be completed in any subject area (line of insurance) for which the licensee is licensed. Each licensee requires three (3) hours of ethics credit each year.

Exceptions:

- For a multiple lines license where one of the lines is credit no more than 5 hours may be taken in the credit subject area.
- The ethics requirement is waived for limited subagents and credit licensees, and for Workers Compensation adjusters.

A course may not be repeated within two (2) years of the original completion date, with the **exception** of courses in ethics, current issues or legislative updates.

Continuing Education Carryover Provisions

Carry over credits are calculated based upon the number of hours required. Up to 50% of the annual CE requirement may be carried over from the previous cycle (rounded down to 7 hours for the standard 15-hour CE requirement), as long as the credits had not been allocated to that previous year.

Continuing Education Completion Dates

All CE requirements are to be met by the renewal due date on or before December 31st. Renewals received November 2 through December 31 require a \$15 late fee to be included.

To view your current continuing education transcript, please utilize online services available at www.sircon.com/georgia.

AGENCY LICENSING REQUIREMENTS

An agency is defined as a business entity which represents one or more insurers in the business of selling, soliciting, or negotiating insurance. By definition every agent is an agency. The Georgia Insurance Department requires that every agency with a Georgia business address be licensed.

To become licensed as an agency, a licensee must submit a complete GID-130 form for a Resident Georgia Agency or the Uniform Application for Nonresident Business Entity. This must include the appropriate fee to Pearson VUE and any required supporting documentation. Nonresident applicants may also apply online at www.sircon.com/georgia

LICENSE PROCESSING FORMS

Forms may be obtained from www.pearsonvue.com or the GID website at www.gainsurance.org. All forms may be photocopied, but original signatures and notary seals are required for most submission. Those who do not have access to a fax machine or to the Internet may call Pearson VUE Customer Care at (888) 204-6204. Requestors should allow 10 to 15 days for delivery.

Required Materials

All candidates are required to bring identification deemed acceptable to the test center on examination day.

Acceptable Forms of Candidate Identification

Candidate must present two forms of current signature identification. The primary identification must be government-issued, and photo-bearing with a signature and the secondary identification must contain a valid signature. Identification must be in English.

Primary ID (photograph and signature, not expired)

- Government-issued Driver's License
- U.S. Dept. of State Drivers License
- U.S. Learner's Permit (plastic card only with photo and signature)
- National/State/Country Identification Card
- Passport
- Passport card
- Military ID
- Military ID for spouses and dependents
- Alien Registration Card (Green Card, Permanent Resident Visa)

Secondary ID (signature, not expired)

- U.S. Social Security Card
- Debit (ATM) Card
- Any form of ID on the Primary list

If the ID presented has an embedded signature that is not visible (microchip), difficult or impossible to read, the candidate must present another form of identification from the Primary ID or Secondary ID list that contains a visible signature.

Pearson VUE does not recognize grace periods. For example, if a candidate's driver's license expired yesterday and the state allows a 30-day grace period for renewing the ID, the ID is considered to be expired.

Candidates who do not present the required items will be denied admission to the examination, will be considered absent, and will forfeit the examination fee.

Suggested Materials

- Failing score report (if the candidate is retaking an examination)
- The confirmation number provided when the reservation was made
- Prelicensing education certificate (optional)
- A valid Georgia life insurance license or a passing Georgia life examination score report (Variable Product candidates only)

EXAM PROCEDURES

Candidates should report to the test center thirty (30) minutes before the examination and check in with the test center administrator. The candidate's identification and other documentation will be reviewed and they will be photographed for the score report.

Candidates are required to review and sign a *Candidate Rules Agreement* form. If the *Candidate Rules Agreement* is not followed and/or cheating or tampering with the examination is suspected, the incident will be reported as such and the appropriate action will be taken. The examination fee will not be refunded, the exam may be determined invalid, and/or the state may take further action such as decertification.

Candidates will have an opportunity to take a tutorial on the PC on which the examination will be administered. The time spent on this tutorial will not reduce the examination time. The examination administrators will answer questions, but candidates should be aware that the administrators are not familiar with the content of the examinations or with the state's licensing requirements. Examination administrators have been instructed not to advise candidates on requirements for licensure. Candidates are responsible for determining which examinations they need to take.

Once candidates are familiar with the examination unit, they may begin the examination. The examination begins the moment a candidate looks at the first question. Candidates will have two (2) hours to complete the examination. After the examination time has expired, the examination unit will automatically turn off. Candidates will leave the test center with their official scores in hand.

ABOUT THE EXAM

The content of the general examination is based upon information obtained from a job analysis performed by Pearson VUE. Responses from insurance professionals were analyzed to determine the nature and scope of tasks they perform and the knowledge and skills needed to perform them. This information is the basis upon which examination questions are written and ensures that examinations reflect the practice of insurance. The examination has been developed to reflect the laws, statutes, rules, and regulations for the practice of insurance in Georgia, and has been reviewed and approved by Georgia insurance professionals.

The passing score for the examination is determined by the Georgia Insurance Department (GID). Through standardization and control, Pearson VUE ensures that no individual has an unfair disadvantage or advantage because of a particular examination format.

Pearson VUE maintains examination administration and examination security standards designed to ensure that all candidates are given the same opportunity to demonstrate their abilities and to prevent some candidates from gaining an unfair advantage over others because of irregularities or misconduct. Pearson VUE routinely reviews irregularities and examination scores believed to be earned under unusual or nonstandard circumstances.

Pearson VUE maintains the right to question any examination score whose validity is in doubt because the score may have been obtained unfairly. Pearson VUE first undertakes a confidential review of the circumstances contributing to the questions about score validity. If there is sufficient cause to question the score, Pearson VUE will refer the matter to the state licensing agency, which will make the final decision on whether or not to cancel the score.

The performance of all candidates is monitored and may be analyzed statistically for the purpose of detecting and verifying fraud. If it is determined that a score has questionable validity, the GID will be so notified and will determine whether the

EXAMINATION QUESTIONS

All examination questions, each form of the examination, and any other examination materials are copyrighted and are the property of Pearson VUE. Consequently, any distribution of the examination content or materials through any form of reproduction or oral or written communication is strictly prohibited and punishable by law.

candidate's scores will be released.

The examination will contain "pretest" questions. Pretest questions are questions on which statistical information is being collected for use in constructing future examinations. Responses to pretest questions do not affect a candidate's score. Pretest questions are mixed in with the scored questions and are not identified.

Each examination is given in a multiple-choice format. The examination covers basic insurance product knowledge and insurance laws, rules, regulations and practices that are unique to Georgia.

Scores on each examination are based on the number of questions answered correctly. Those who are uncertain about the correct answer to a question may be able to eliminate one or more of the answer choices as incorrect. It is always better to guess at the correct answer than to not answer a question.

SCORE REPORTING

When candidates complete the examination, they will receive a score report marked "pass" or "fail". Examination results will not be given by phone. Candidates who pass the examination will receive a score report that includes information on how to apply for a license.

Candidates who fail the examination will receive a score report that includes a numeric score and diagnostic information as well as information about reexamination. Appointments for reexamination are not made at the test center. **Candidates must wait 24 hours before scheduling a reexamination. Candidates who receive a failing score must wait two weeks before retesting.**

REVIEW OF EXAMS

For security reasons, examination material is not available to candidates for review.

QUESTIONS OR COMMENTS ABOUT THE EXAM

There are no provisions for allowing failing or passing candidates to review their examination results. Pearson VUE insurance licensing examinations are secure examinations and are not available for general distribution. Those who have questions, comments, or concerns about the examinations, or who wish to verify any data held in Pearson VUE files, should direct written inquiries to:

Pearson VUE / Insurance Licensing Program
PO Box 8588, Philadelphia, PA 19101-8588

In all correspondence, candidates should give their name and address. If questions or comments concern an examination already taken, they should also include the name of the examination, the date the examination was taken, the location of the test center, and their confirmation number.

DUPLICATE SCORE REPORTS

Candidates may request a duplicate score report from Pearson VUE by completing the form in the back of this handbook and submitting it along with the correct fees.

TEST CENTER POLICIES

The following policies are observed at each test center. **Candidates who violate any of these policies will not be permitted to finish the examination and will be dismissed from the test center, forfeiting the examination fee.**

- **No personal items are allowed in the testing room.** Personal items include but are not limited to: cellular phones, hand-held computers/ personal digital assistants (PDAs) or other electronic devices, pagers, watches, wallets, purses, firearms or other weapons, hats, bags, coats, books, and/or notes, pens or pencils.
- Candidates must store all personal items in a secure area as indicated by the administrator, or return items to their vehicle. All electronic devices must be turned off before storing them in a locker. **The test center is not responsible for lost, stolen, or misplaced personal items.**
- Studying **is not** allowed in the test center. Visitors, children, family or friends **are not** allowed in the test center.
- Dictionaries, books, papers (including scratch paper), and reference materials are not permitted in the examination room (unless permitted by the exam sponsor), and candidates are strongly urged not to bring such materials to the test center. Upon entering and being seated in the testing room, the test administrator will provide the candidate with materials to make notes or calculations and any other items specified by the exam sponsor. **The candidate may not write on these items before the exam begins or remove these items from the testing room.**
- Eating, drinking, chewing gum, smoking, and/or making noise that creates a disturbance for other candidates is prohibited during the exam.
- Break policies are established by the exam sponsor. Most sponsors allow unscheduled breaks. To request an unscheduled break, the candidate **must** raise their hand to get the administrator's attention. **The exam clock will not stop while the candidate is taking a break.**
- Candidates must leave the testing room for all breaks. However, candidates **are not permitted to leave the floor or building for any reason during this time, unless specified by the administrator and the exam sponsor.** If a candidate is discovered to have left the floor or building they will not be permitted to proceed with the examination and may forfeit the exam fees.
- While taking a break, candidates are permitted to access personal items that are being stored during the exam only if necessary— for example, personal medication that must be taken at a specific time. **However, a candidate must receive permission from the administrator prior to accessing personal items that have been stored.** Candidates are **not** allowed access to other items, including but not limited to, cellular phones, PDAs, exam notes, and study guides, unless the exam sponsor specifically permits this.
- Any candidate discovered causing a disturbance of any kind or engaging in any kind of misconduct—giving or receiving help; using notes, books, or other aids; taking part in an act of impersonation; or removing examination materials or notes from the examination room—will be summarily dismissed from the examination and will be reported to the state licensing agency. Decisions regarding disciplinary measures are the responsibility of the state licensing agency.

PREPARING FOR THE EXAM

PRACTICE TESTS

Practice tests are offered exclusively online at www.pearsonvue.com. See page ii for details.

CONTENT OUTLINES

Each examination is based on a detailed content outline of topics, subtopics, and references to applicable state laws, statutes and regulations. These content outlines are provided to publishers of study materials and to state-approved education providers for their use in developing and updating their educational materials and programs. Content outlines are updated periodically to reflect changes in practice, state laws and regulations. Georgia offers these content outlines as part of the handbook.

They list the topics covered in each examination, and candidates should be sure their program of study covers all the topics listed in these content outlines. The content outlines are not meant to include everything that appears on the examinations. The state-specific study materials for a chosen area(s) of insurance will provide the most complete review of the information that candidates will be expected to know.

Candidates may obtain additional copies of the content outlines either by calling (800) 274-0488 or visiting www.pearsonvue.com.

STUDY MATERIALS

Other study materials besides the content outlines include:

- **The Georgia Agents' Licensing Study Manual** (Life and Accident and Sickness or Property and Casualty)
- Sections 33-1-9 and 33-1-16 and Chapters 33-5, 33-6, 33-7, 33-23, 33-24, 33-25, 33-26, 33-27, 33-28, 33-29, 33-30, 33-31, 33-32, 33-33, 33-34, 33-39, 33-42, 33-43, 33-44, 33-50, and 33-51 of the Office Code of Georgia Annotated and corresponding regulations
- Policies, endorsements, riders, and other policy contract documents
